

DEARoldPS122,

(ivory tower to my beloved PSNY Performance Space New York)

So much of our record here,
the shade of 02020

was written with a dried up pen
clutched between Lions' toes,
whose hides will line their handbags
at million dollar dinner parties-
slaughterhouse of the Pride-
Red Dogs draped in Panther.
insatiable multiculturalism
Please, integrand set me free !
if y'all dared unchain your foil
who ever would you be ?
De l'eau de faulty premise—
lingers like shelter-foot funk
paterna-fungal foreplay
the PPLs Space 'tis of thee.
She said, "*if They want to fuck you,*

don't look!"

'you're so beautiful' is neither salutation
nor solidarity—inclusion DNE 'I see you so...
you're free.'

You See, Therefore I Am

like object permanence qualified for two-
points of gives a flying fuck
like a round of applause could make
gaslighting true
like enough narrative could really
unrape you
like you could take a land acknowledgment to
the bank

or your damn caseworker

I hope Dirty was named in my deposition
I hope Gropious Bau is doing abolition
'I'm one late paycheck away from being out
on the street!' -SAID THE NETWORK-RICH
BITCH, TRIPPIN.

b4 there was a tranny in my mother's womb,
'y'all didn't lock no doors in my mf house'
or whatever mitchyeah had said.

'don't use that pillow,

it's part of the presentation—

Rest (but don't sleep)

Do it for the conversation!'

(I ain't gon do it)

"Fuck Your Lease," will never not be the vibe
as long as half of us are stuck waiting on
vouchers that never provide like y'all resumes,
plus you spun displacement with a bake sale

On this day I've got the time.

I shook my lil thing for Keith Haring Sr.
and don't let this HH fool you, I'm shy!
y'all call us whatever the hell u want anyway
.....so why not fucking lie?
.....oh, well they're incoherent
.....pssst, that's not even her Real name
.....well you know we scheduled meetings
diversity is a colonial game
and love, art is a social service
YOUR schedule is the frame
how bout YES to the end of time?
how does one ticket minimally maximal,
monocultural workplace disdain?
how is not-for-profit support such a strain?
how u pit rock bottom against ur bottom line
Black Lives vs White Property
but why won't you be mine?
why do we love our own repression and
must we blind knowledge of self with
consolidated postured ass positions
COLOR IS NOT A LINE ITEM (.)
Tapping out equitably, what high-minded fun,
'the system is broken' = mutual aid's gun,
toxicity will catch you, 'I've got to lock the
door' they blurt before the ink has dried on
their offer letter.

Get YOUR principals OUT of MY struggle:

"no more dancing!"

or whatever Storyboard P said,

not for the earnestest prolongedest of gaze,
no amount of tax-deductible
donation will ever vindicate
the game behind their smile:

include re obfuscate.

THERE'LL BE NO TRANSCENDENCE
FOR THE CUNTS WITHOUT DEGREES
tick tick tick tick tick tick tick tick tick
you're late. The NeoLabial Acheiropoieton
(NLA) are not a set to celebrate. Fuck every
critic you know, subscriber; I take real bitches'
